

## Business Logic Approval

In an effort to keep development costs down, development turn-around time to an absolute minimum, and to create an accurate time-line, Northeast Web Design requires that the client sign this document. A valid signature will indicate that the provided business logic flowchart(s) of the indicated process(es) meet the functionality, usability and feature requirements set forth by the client. Upon valid signature, the client also agrees that **any additional requests** for changes to this / these process(es) will fall outside of the scope of this project / development proposal therefore voiding any proposed timeline and will incur an \$80 per hour billable rate to accommodate and meet the client's expectations. These changes include but are not limited to:

- ✓ Extended featured set implementations
- ✓ Major feature overhauls / revisions
- ✓ Redundant and repetitive revisions
- ✓ Additional consulting / administrative time

If the client chooses to pursue Northeast Web Design for the additional development of any future / pre-existing components, features or consulting knowledge, Northeast Web Design will be happy to provide any additional / recurring service(s) as requested but the client.

### Approval:

An authorized signature below indicates the acceptance of this agreement.
