

## Wireframe Approval

In an effort to help streamline our workflow, Northeast Web Design requires an approval on the submitted wireframe(s). Before signing, please review the wireframes and make note of any changes that should be addressed before approval. Some notable factors to take into consideration before approving a wireframe are as follows:

- ✓ Content Placement
- ✓ Information Hierarchy (the order of what content should be first)
- ✓ Overall page layout
- ✓ Page width

After this document is signed any changes to the approved wireframe will fall outside of the original contract and will be billed at the rate of \$80 per hour.

### Approval:
